

Things to Do When Check Out to Go Home

Make sure all keys are returned to their proper place.

- 1) 1 key in the lock box
- 2) key in the magnetic box on 4th floor
- 3) fish key ring on the foyer table by the lamp

Turn both thermostats (air conditioning) to 79 degrees F.

Lock all windows and doors including sliding glass doors.

On the 4th floor, make sure:

- 1) the hot tub is covered
- 2) the umbrella is down.
- 3) The door is locked that leads to the 4th floor deck.

Put all trash outside in the trash containers behind the outside shower.

Make sure you have all of your items off of the clothes line.

Turn off ice-maker in freezer.

Leave the outdoor light on so the next guest can do the lock box if it's dark.

Thanks, and we hope you enjoyed your stay!
